Back

Since 1973, Florida Wildlife Hospital (FWH) has rehabilitated and released thousands of sick, injured, and orphaned native Florida animals in Brevard County. FWH is available 365 days a year to admit wildlife patients and sees more than 5,000 animals per year. There is never a fee for animal care yet FWH receives no state or federal funding. FWH is the only facility of its kind in the area and provides immeasurable and critical value to the community and to the lives of the wild animals found there. **The purchase of this card will help care for animals at FWH.**
